

Written Event Submission Instructions

2019 Michigan DECA State Conference

These requirements are in effect for ALL written events (except for the Ethics Team Event) submitted to Michigan DECA. These requirements are in addition to the guidelines outlined in the DECA Guide.

STEP 1 – TurnItIn Submission

➤ All written events (except the Chapter Awards Program and the Ethics Team Event) need to be uploaded to Michigan DECA's TurnItIn class to be reviewed for plagiarism. Projects must be submitted to Michigan DECA's TurnItIn class **starting on Wednesday, February 6, 2019, and before the hardcopy is turned in for the Written Event Screening at EMU on Saturday, February 16, 2019.** Failure to do so will be a penalty of 10 points and given 3 additional days to be submitted. If not submitted by Wednesday, February 20, 2019 at Midnight, the entry will be disqualified.

➤ **A printout of the TurnItIn digital receipt MUST be included in the written project for Written Event Screening.** This page should be placed after the Written Statement of Assurances page, and does not get numbered or counted in the page count of the project. Failure to include this digital receipt in the project is a 10 point penalty.

➤ **You will NOT be able to make changes to a project once it has been uploaded,** so make sure your students have finished their final revisions before uploading the projects. If a project is uploaded twice, your chapter will be invoiced a \$25.00 fee.

➤ **The written event project needs to be saved as:**

- a. **ONE DOCUMENT FILE per team or individual. Multiple documents for one project entry will NOT be accepted.** For example, if you have a student's Merit Award Project in several files, they will need to be combined into a single file before uploading. For team events, only one file may be uploaded per team - not per person on the team.
- b. **Do NOT test the projects by uploading them to another TurnItIn account or class prior to submitting them to Michigan DECA.** Any projects that have been previously submitted will have a high plagiarism rating and could be disqualified.
- c. Do NOT upload the DECA Statement of Assurances page.
- d. Make sure that you DO include the Title Page and Table of Contents. **Do not worry if this increases the page count** - we will not use the upload file to access penalty points. Also do not worry about page breaks - we are reviewing the project's content, not the formatting.
- e. Files must be less than 40 MB. If you have a lot of high resolution photos in the project, you may want to delete them or save the file as a lower resolution before uploading. *(Be sure to do a "File> Save As" so you don't accidentally alter the original project!)*
- f. You can upload files from your computer, a flash/thumb drive, Dropbox account or Google Drive account.
- g. **Do NOT submit any projects that have been scanned.** TurnItIn cannot read scanned pages.
- h. TurnItIn accepts files in these formats: Microsoft Word, Excel, PowerPoint, WordPerfect, PostScript, PDF, HTML, RTF, OpenOffice (ODT), Hangul (HWP), Google Docs, and plain text.

Upload Procedure: Please read this section entirely before starting an upload

- Create a new **STUDENT account for EACH project using a different email address for each account** by going to <http://turnitin.com/>, clicking on Create Account in the top right. Enter an email address, password and choose **STUDENT**, then click on the Login button. **Turnitin will only allow one upload per account, and only one account per email address.** We suggest using a student's email address. *(If a student already has a Turnitin account, you may use that to connect to our class.)*
1. For 2019, to connect with our account, use:
our Class/Section ID: **20343015** and Enrollment Key: **2019scdc**
 2. Click on the Class Name, then the blue SUBMIT button.
 3. Above the name field, if you see in blue text "Cut & Paste Upload", click on the little blue arrow next to "Cut & Paste Upload" to change it to "Single File Upload".
 4. **IMPORTANT: In order for us to correctly identify the project, please use the following naming format for the SUBMISSION TITLE field (not the name of the file on your computer):**
EVENT CODE – SCHOOL – MEMBER LAST NAME(S)
For Example: BOR – Novi – Jones Smith Williams
 5. Click on the applicable button to browse to your saved file location.
 6. Click on the blue "Upload" button.
 7. You will need to click on the blue "Confirm" button to finish the upload process! You will see a message of *"Congratulations - your submission is complete! This is your digital receipt."*
 8. **You MUST print a copy of the digit submission receipt to include in your project.** This page must be placed after the Written Statement of Assurances. It does not get numbered or counted in the page count of the project. **Failure to include the confirmation page in the project will result in a 10 point penalty.** You may do one of the following:
 - Print the confirmation page that you see after uploading
 - Go to your account's assignment inbox to download the digital receipt
 - Print the email digital receipt that was sent to you
