

Chapter Awards Program Overview

Objectives. The objectives of the Chapter Awards Program (CAP) are:

1. Encourage local chapter organization by planning a yearly program of activities.
2. Build member involvement.
3. Encourage DECA membership at local, state, and international levels.
4. Build school and community recognition for the marketing education program and the DECA chapter.
5. Learn of activities and projects that strengthen the local chapter.
6. Recognize chapters for their accomplishments.

Description. The Chapter Awards Program is an instructional enrichment program for marketing education. The program is designed for chapters to develop a well-rounded program of work and is based on chapter achievement accompanied with an awards program for chapter recognition.

The Chapter Awards Program will provide recognition at three levels:

1. Bronze
2. Silver
3. Gold

The level of recognition will be determined by the number and type of activities a chapter completes in each of the following categories:

1. Membership Development
2. Community Oriented
3. Experienced Leaders
4. Academically Prepared
5. Professionally Responsible
6. Promotion/Public Relations

Chapters will claim credit for activities by submitting an activity report and visual documentation. Chapters will submit their reports to their state office for verification of the award achievement level.

The Chapter Awards Program should be initiated early in the year, so chapter members will realize the greatest benefits of their involvement. A thorough orientation of the purpose and operation of the program is vital for the preparation of the members.

Use your creativity when creating your documentation and section heading pages. CAP is a book that you should want to show off to future marketing classes to explain and showcase your DECA activities.

Only chapters achieving the gold award on the state level will be eligible to attend the International Career Development Conference. Up to three members may attend from each local gold level chapter.

13. Chapter Awards Program students ARE allowed to compete in a roleplay event that competes on Friday.
14. All students competing at the State Conference MUST be included on the chapter's submitted conference registration.
15. A team of volunteer advisors will review the projects prior to the State Conference, to ensure they meet the minimum standards and for penalty points. Projects **not** meeting the minimum standards (more than **40** penalty points) will be returned and the student(s) will **not** be able to attend the conference as a Chapter Awards Program participant. The registration fee will be refunded at the 50% rate.
16. Participants (maximum of three project chairpersons) will give a 10-minute presentation at the State Career Development Conference, which should cover what was learned and a highlight of their outstanding activities. The presentation will be followed by a 5-minute question/answer period.
17. The presentation begins immediately after the introduction of the participants to the judge.
18. Each participant may bring a copy of the project or note cards pertaining to the project and use as reference during the presentation.
19. Only visual aids that can be easily hand carried to the presentation by the actual participant will be permitted. The participants must set up the visuals without assistance. Wheeled carts, moving straps or similar items may not be used to bring visuals into the area. Set up time is included in the total presentation time. Participants must furnish their own materials and equipment. No electrical power or internet connection will be supplied. Alternate power sources such as small generators are not allowed. Sound may be used if the volume is kept at a conversational level.

22. Video may be shown during your oral presentation but are **not** to be included with the project when it is submitted for competition.
23. Students will not be able to use the hotel or convention center internet for their written event presentations, because that would involve asking someone else to help them with their equipment. (Refer to the presentation guidelines.) They may use an internet aircard or personal hotspot with their computer if the students have one. But we caution that it could be difficult for students to receive and maintain a connection due to so many people using cell phones while at the conference. If they lose connection, they will not be given additional time. Our suggestion is to save anything that they might want to reference directly onto their computer.
24. Projects meeting the minimum standards will receive recognition at the State Career Development Conference.
25. The decision of the judges is final. Students and Advisors are **not** to ask judges for justification of their scores.
